Dr. HUNTER'S MEDICAL MANUAL AND HAND BOOK for the AFFLICTED—containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self abuse or by sexual excess, with advice for their prevention, written in a familiar style, avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successdelicate or private nature.

Testinost of the Prof. of Obstatues in Prns. Col-gos, Pintadelpina.—DR. HUNTER'S MEDICAL MAN-UAL.—The author of this work unlike the majority of those works who advertise to cure the diseases of which it treats, s a graduate of one of the best Colleges in the United States. It affords the pleasure to recommend him to the unfortunate, or to the victim of mulpinclice, as a successful and experienced practitioner, in whose bonor and integrity

bey may place the greatest confidence.

JOSEPH LONGSHORE, M. D.

FROM A. WOODWARD, M. D., or PENN. UNIVERSITY, PHILADMLPHIA.—It gives me pleasure to add my testimony to
the professional ability of the Author of the "Medical Mannal." Numerous cases of Discusses of the Gental Organs, ome of them of long standing, bays come under my no-tice, in which his skill has been manifest in restoring to pero him, is well as a kindness to the unfortunite victim of early indiscretion, to recommend him as one, in whose proessional skill and integrity, they may safely confide themselves.

ALE, WOODWARD, M. D. "This is, without exception, the most comprehensive and

ntelligible work published on the class of diseases which tirens. Avoiding all technical terms, it addresses itself voted many years to the treatment of the various complaints reated of, and with too little breath to pulf, and "too lite presumption to impose, he has offered to the world at the merely nominal price of 25 cents, the finite of some twenty years most successful practice "- Herald".

A Presby terian ciergyman in Oblo, in writing of "Hun-er's Medical Manual," says: — "Thousands upon thousands of our youth, by expressingle and militarice of the passions,

ng the sin and fearful consequences upon themselves and posterity. The constitutions of thousands who are raising families have been enfectived, if not broken down, and they do not know the esuse or the cure. Anything that can be done so to enlighter and influence the public mind as to check, and ultimately to remove this wide spread source of haman wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxicating dranks,) though it has slain thousands upon thousands is not a greater scourge to the human race. Accept the good work you are so actively engaged in."

DR. HORSE'S INVIGORATING CORDIAL, a Phenomenon in Medicine. Health Restored and Life Lengthened, by DR. MORSE'S INVIGORATING SHIXIR OR CORDIAL.

That something has been found. It is a vegetable production, brought from the sterile deserts of Arab a threstony, by the culobrated Professor M. Morse, well known as a distinguished member of the bading scientific societies of the OLI World, and equally distinguished as a physician, a chemist, and a traveler. The judges of this herb, contentrated and combined with other vegetable medicinal extracts, are now producting results heretofore unleared of, in this or any other country. At first tree properties attributed to Prof. MORSE'S INVIGORATING SLIXIR OF CORDIAL were deemed fabutous. The public often deceived could not believe the simple and subtime truths announced by the discoverer. But facts, andeauch ble facis attested by witnesses of the highest class and character, are now in amphing over all doubts.
